

My pet is a dog. It is called John. He is white. He looks like a baby, so many people say 'He looks lovely!' He always eats a lot of meat and snacks. He also drinks juice so he is very fat. The vet said 'If John still eats too much food, he will be sick.' Therefore, I will help John to lose weight. During my school holidays, I will play and run with him in the park. I like playing with him because he is my favourite pet!

Mike and his robot

Chan Hon Sum (6C A.M.)

One day, Mike went to a toy shop. He bought a robot and went home happily. He used a screwdriver to open the robot and put some batteries in it. Suddenly, the robot's eyes opened and it began to talk. Mike was frightened. The robot emitted laser rays and damaged all the things at home. Then Mike heard a fire alarm. He woke up and fortunately, he found that it was just a dream.
