

I had the most unforgettable time in my last summer holidays.

In my last summer holidays, I went to Canada for two months with my family. We lived in a house with a swimming pool. It was very big.

When I arrived in Canada, I said to my mum, 'Maybe the swimming pool has a mermaid in it. Ha! Ha!'

My mum said, 'Hey! Don't say silly things! There aren't any fairies in the world.'

'But I still believe that there are mermaids in the world,' I replied.

At night, I could see something in the swimming pool, so I ran towards the pool. I could not believe my eyes - It was a mermaid! The mermaid was very nice. She said, 'Hello! Nice to meet you. My name is Nina. I came from America.'

I said, 'My name is Iris. Nice to meet you too! I came from Hong Kong, but I was born in Canada.'

After that, Nina asked, 'Can you help me find my ring, please?'

'OK! I can help you. What does the ring look like?'

'It is like a shell and it is blue,' she replied. Fifteen minutes later, I found it. Nina said. 'Oh! Thank you very much. I have one thing to give you. I hope you will like it.'

'Oh! It is a necklace. Thank you very much!' I said to Nina.

At last, we said goodbye to each other and I went back to my room. I wrote about that great moment in my secret book. I think that last summer was the best holiday I have ever had.
