<u>The Second Animal Star</u>		
		
		
<p>The second animal star came in April. Its name is Alan. It comes from China.</p>		
<p>Alan is a long dinosaur. It is grey. It is the longest animal in the park. Alan has a longer neck than a giraffe. It has bigger legs than the horse. It is the biggest animal in the park.</p>		
<p>Alan lives on the ground. You can find it in the Alan's World, between the exit and the birdcage. Alan eats grass and fruit. People can buy a small packet of fruit at the restaurant of the Alan's World to feed it. It is the bravest animal in the park. Most people think it is a clever and strong dinosaur.</p>
