Dear Mr. CHU,

I am pleased to inform you that S3A LO Chin-yau (盧展柔), a former student of your school, performed very well in the academic year 2010-2011. She obtained the following award:

Best Performance in Mathematics

During the past few years, we have been glad to see that your graduates, who are now studying in our school, have shown enthusiasm for learning, developed sound characters and have adapted to the new learning environment well. There is no doubt that the sound foundations provided by your school were instrumental in these achievements. Let me take this opportunity to thank your school for the fine contribution to the above student's performance. If you would like to know more about the New Academic Structure of Secondary Curriculum and the multiple pathways to meet the students' aspiration, please feel free to contact me on 2711-5202.

We hope we can have the opportunity to cooperate with your school for the better education of our youth.

Yours sincerely,

Teresa Tam
